- a. Size of Organisation and Departments
- b. Number of Employees Working
- c. Industrial Sector / Product Manufactured

For getting **correct quote for your organisation (after subsidy)**, please contact to the nearest **Transparent** office locations listed overleaf.

Myths about ISO 9001:2000:

ISO 9001:2000 Certification has no concern with the financials of your organisation including Balance Sheet, Profit & Loss A/c, Auditors Report, Income Tax Returns etc. It is also having no concern with the Labour Laws including PF, ESI etc. While it is just a management certification which improves the internal controls at all levels of management and increases the customer satisfaction.

Benefits to the certified company:

- ✓ The firm with Quality Systems Certification license provides assurance of consistence in quality of product/service with timely delivery;
- ✓ Firm is forced by itself n self motivated to improve the overall system
- ✓ Reduces the incidence of product failure, in-turn improves credibility of the firm.
- ✓ Leads to less material wastage, production down time, rework, etc. through an increase in "quality know-how" and efficiency.
- ✓ Being internationally recognised, the firm's quality will have world-wide acceptance anywhere.
- ✓ Improvement in communication between all levels of personnel.
- ✓ Puts all operations on a scientific basis.
- ✓ Motivates all employees and ensures their involvement.
- ✓ Provides stepping stone to Total Quality Management (TQM)

Benefits to customers:

- ✧ Provides assurance and satisfaction that their needs for quality will be met.
- ✧ Saves time and money by reducing the need for assessment of their suppliers.
- ✧ Reduces incoming inspection costs.
- ✧ Work with reduced inventory levels, effecting significant cost reductions.
- ✧ Creates confidence in their suppliers because of the approval by an independent third party.
- ✧ Better service, better and quick complaint redressal.

Road-Map to ISO 9001 : 2000

ISO 9001:2000

Subject: Reimbursement of charges to SSI units for acquiring ISO 9000/14000/22000 certification-Criteria for approving ISO 9000, ISO 14000, ISO 22000 Certification Bodies for reimbursement of certification expenses to SSI units.

Sir,

Govt. of India in Ministry of Small Scale Industries(Office of Development Commissioner(SSSI) have been implementing a Plan Scheme, under which 75% of the expenses incurred by SSI units in acquiring Quality Management System(QMS)-ISO 9000 certification, Environment Management System(EMS)-ISO 14001 certification, Food Safety Management System(FSMS)-ISO 22000 are reimbursed. The reimbursement amount is restricted upto **Rs.75,000/-** and the scheme will continue upto **31.3.2008** as per our circular of even number dated 28.10.02.

The Criteria for approving ISO 9000/ ISO 14001 Certification Bodies for the purpose of reimbursement of certification expenses to SSI units have been reviewed by the Screening Committee on reimbursement of ISO 9000/14001 certification expenses and the Committee has finalized the criteria which is placed at Annexure "A".

The Committee also decided that w.e.f. 1st Jan.2004 Office of DC(SSSI) will accept / process only such ISO certificates for reimbursement which are issued by the certification bodies falling in line with criteria appearing at Annexure 'A' i.e. the acceptable ISO certificates would only be those which are issued by certification bodies accredited by NABCB or issued by certification bodies which have obtained clearance from QCI. The applications in pipeline/under process shall be processed as per the existing procedure till 31st Dec.2003.

This issues with the approval of AS&DC(SSSI), Chairman Screening Committee of reimbursement scheme on ISO 9000/14001 certification expenses.

This may please be brought to the notice of all concerned.

Yours faithfully,

(V.S. Karunakaran)
Industrial Advisor (Mod.)
